THOSE THREE WALKING TURKEYS STAND FOR MORE THAN YOU THINK.

Have you spotted the three walking turkeys? It’s our brand, our logo and our seal of approval. The NWTF is dedicated to conservation and passionate about the companies that support us. We partner with the best — companies that care about hunters and the wild turkey.

When you purchase a product with our logo, you are getting the best the industry has to offer, plus you’re making an impact; a portion of every purchase you make goes to the NWTF to further our mission. And, we are working for more than the wild turkey.

Every day, we lose more than 6,000 acres of habitat. Though hunters do their best to give back, the truth is fewer than 10% of the American population hunts. That’s why the NWTF and the companies that support us are so important to the future of our hunting heritage.

The problem is bigger than one organization. It’s bigger than one hunter. It’s going to take all of us working together to ensure our hunting heritage continues.

Every time you purchase an NWTF licensed product, you are contributing to that effort. Support the brands that support the NWTF. Look for the three walking turkeys today!

NWTF.org
CONCEALED AND COMMITTED
Mossy Oak camo was developed with the turkey hunter in mind to provide concealment for the hunt, and now it supports wild turkey conservation as the official camo of the NWTF.

NWTF ORIGINAL BOTTOMLAND
Being a more effective turkey hunter was the inspiration behind the development of Original Bottomland and has always been at the heart of Mossy Oak. Toxey Haas, founder of Mossy Oak, knew that if he could hide from turkeys, he could hide from anything. Bottomland is the original turkey hunting pattern that founded America’s most recognized camouflage brand.

NWTF OBSESSION
Obsession features an enhanced background of mottled tree bark inspired by the original Mossy Oak Bottomland pattern, true-to-nature elements of limbs, pine and oak foliage, and spring color tones to match the turkey woods in spring and early fall. Obsession deceives the best eyes in the spring woods.
The Heavy-Duty Realism (HDR) line of turkey decoys. Blow-molded into reality from hand-carved designs, these decoys harness unbeatable detail and durability. The HDR Hen and HDR Jake feature two interchangeable head postures for double the realism and double the customization.

**NEW**

**HDR – HEN**
AGGRESSIVE WITH INTERCHANGEABLE UPRIGHT HEAD

**HDR – JAKE**
AGGRESSIVE WITH INTERCHANGEABLE HEAD

The Lifelike Collapsible Decoy (LCD) designs incorporate the highest quality feather detail ever created in the decoy world and has refined the true-to-life paint scheme to match the natural reflective feathers of a real wild turkey. All of these features are packed into a decoy 15% smaller than the original LCD, making the decoy lighter, easier to pack and less dominant. Crafted from rugged Dura-Rubber, the LCD folds tightly and fits easily into a turkey vest, yet won’t crease or dent like earlier folding decoys.

**HALF-STRUT JAKE**
8012
Perfectly mimics an intruding subdominant young male turkey with lifelike body posture, head position, wing and tail placement, and realistic feather spread

**TROPHY TOM**
8021
Easy-to-mount, one-piece design features detailed carving and true-to-life paint that allows for dried tail fan and beard attachment and includes a mounting stake to double as a 2D strutting-style decoy
POWER HEN SERIES
ZNK3-08-09-10
Each call is constructed of only the finest wood, calling surfaces and matched striker. The proper surface conditioning device is included with each one. Every Power Hen call is hand built from scratch and matched to the striker before it goes out the door. With three different surfaces — slate, crystal and aluminum — we have the call for you.

POWER HEN BOX
ZNK336
The Power Hen Series Box is a hybrid-style box call made from quality cherry and maple woods. Traditional design combined with modern technology and custom, hand-built construction to make the Power Hen Box worthy of the Zink Calls name. The double-sided design easily produces different tones to mimic multiple hens so you can count on pure turkey sounds with every slide of the paddle.

THUNDER RIDGE SERIES
ZNK3-03-04-32
Slate, crystal or aluminum — crafted using state-of-the art injection molding technology, waterproof with built-in conditioning pad, includes two-piece purple heart striker.

WICKED SERIES
ZNK337 and ZNK3-06-07
The Wicked Series is the only custom friction call on the market today that is constructed with impregnated wood. With the impregnation of acrylic into the Brazilian Cherry pan, it allows the call to be completely weatherproof and the sound quality is unmatched.
This combo pack features the Z-Yelper, Z-Cutter and Z-Combo mouth calls.

This trio of mouth calls includes the Lucky Lady, Wicked Lady and the X-Lady style of reed calls.

This trio of mouth calls includes the Hunter Wallis Signature Series, the Josh Grossenbacher Signature Series and the Matt Morrett Signature Series styles of diaphragm calls.
NWTF WOVEN SHIRT
N1500029
Durable washed canvas, lightweight button down chest pockets (S-3XL)
Available in Bottomland or Obsession

THE #1 HUNTING GPS APP

onX Hunt provides the tools you need to put a turkey on the ground this year. With everything from public/private land boundaries and land ownership information to shareable Photo Waypoints and the custom NWTF layer, the Hunt App will help you find success. With the NWTF layer, you’ll find five-year averages by county, species distribution across the country, and beard length, spur length, weight and overall score records for every county. Use code ‘NWTF’ for 20% off all onX Hunt Premium and Elite Memberships.
GRANGE BOOT
America’s original turkey hunting rubber boot. 100% waterproof, hand-laid premium ZXT rubber for durable, scent-free protection, abrasion resistant with added tensile strength and adjustable strap for secure fit (sizes 5-15). Available in Original Mossy Oak Bottomland.

VENOM BOOT
Full-grain leather with 1,000-denier nylon upper plus abrasion resistant toe cap for rugged durability; flexible 360° Snake Guard plus scent-free and 100% waterproof Scent Dry lining; side zipper for easy on/off with full lacing system for an adjustable, secure fit (sizes 5–12, 13, 14M; 8–12, 13W). Available in Mossy Oak Obsession.
Federal® Ammunition is offering a lineup of Premium® turkey loads, all supporting the NWTF mission. These options feature the FLITECONTROL FLEX® wad, which works in both ported and standard turkey chokes for consistent patterns.

**HEAVYWEIGHT® TSS** line features tungsten-alloy shot that is 56% denser than lead at 18 grams/cc. It’s available in 12- and 20-gauge No. 7, 8, 9 and 10 shot, as well as a No. 9 .410 option (check your state game laws).

**3RD DEGREE®** has been updated with the FLITECONTROL FLEX wad to deliver even better patterns from its three-stage payload of No. 6 FLITESTOPPER® lead, No. 5 copper-plated lead and upgraded No. 7 HEAVYWEIGHT TSS. Official ammunition of MeatEater.

**GRAND SLAM®** line features buffered copper-plated shot, with a clear wad card and roll crimp.

(Large – 22” x 15” x 13”)

*All items feature Mossy Oak Obsession camo
CONCEALMENT IS KING
Eyewear that adapts, conceals and changes color based on the lighting conditions, giving you the most crisp vision possible and concealing your position in the field.

PROBLEM
Your eyes are giving you away. Turkeys have such incredible vision, they spot the movement of your eyes as well as any ultraviolet light (UV) you reflect. Though invisible to humans, UV bounces off of your eyes and glasses into the field, ruining an otherwise perfect disguise and undermining your hunt.

SOLUTION
Our adaptive, polarized Chameleon lenses treated with Concealment technology absorb UV to prevent reflection and totally hide your eye movement. With your concealment complete, you’re free to make your shot without flaring a gobbler.

FLY DOWN
Stealthily packs eye protection and durable comfort in a lightweight package

GOBBLER
High-wrap design provides excellent peripheral coverage and tactical functionality

BOSS HEN
Classic cool shape for hunters with a sharp eye for style as well as game

LONG BEARD
Lightweight for all-day comfort in the blind or on the move
NWTF32A
Low crown fit, unstructured shaping, camo canvas with mesh back panels, woven label with 3mm raised stitch border and a hook/loop tape closure (one size fits most) Mossy Oak Obsession camo

NXT GENERATION
NXT-GOBB 898618004059
The gobbler turkey target features a high definition print giving it a realistic representation of a true gobbler in the woods. A hook-n-loop patch will secure the projectile confirming the shot. The gobbler is a great target used with any of the NXT bows, crossbows or shotguns.

NXT-JAKE
898618003977
The jake turkey target features a high definition print giving it a realistic representation of an immature bird that is in the wild looking to cause mayhem with the old gobbler. The jake size and posture is a perfect target for the young hunter looking for that turkey trophy. A hook-n-loop patch will secure the projectile confirming the shot. It is a great target used with any of the NXT bows, crossbows or shotgun.
CASE/NWTF MEDIUM STOCKMAN W/BOX CALL

This set is 100% USA-made and features a genuine bone-handled medium stockman with Tru-Sharp surgical steel blades and nickel silver bolsters. The bone handle features a laser engraving of the NWTF logo. This knife is also packaged in a custom Quaker Boy box call featuring the Case and NWTF logos.
CAMO FOR GUNS
Jim Crumley’s Second Skin Camo dipping provides gun and bow owners with a quality camouflage finish for their equipment. The finish can be applied to wood, synthetic, stainless steel, blued or matte finish products. Bring your gun back to life by having it dipped at camoforguns.com in NWTF’s custom Mossy Oak Obsession camo pattern.

camoforguns.com
Take on your adventure while wearing an official NWTF Groove ring! One-of-a-kind Groove technology allows breathability and comfort on a level that no other silicone ring can match. The grooves allow air in and moisture out, keeping your finger dry no matter what. The medical-grade silicone keeps your ring flexible, while maintaining durability and safety at the highest level.

Original available in sizes: 7-14
Thin available in sizes: 4-10
Working hand in hand with our agency partners, we collectively restored the wild turkey across much of North America. Now is the time to take the next step and work together to Save the Habitat. Save the Hunt.

— Becky Humphries, NWTF CEO
